

Serving to inspire & prepare the next generation of STEM professionals

Drone Professional Development

Who?

Elementary, Middle, and High School teachers as well as media specialists and others who want to learn more about how to add Drone's into their classroom teaching.

What?

Learn the basics of flight and drones, from basic flight dynamics to programming. Learn how to maximize your students' potential for learning with drones in the classroom. Our focus will be broad and able to be applied to different drone platforms based on you & your school's needs.

When?

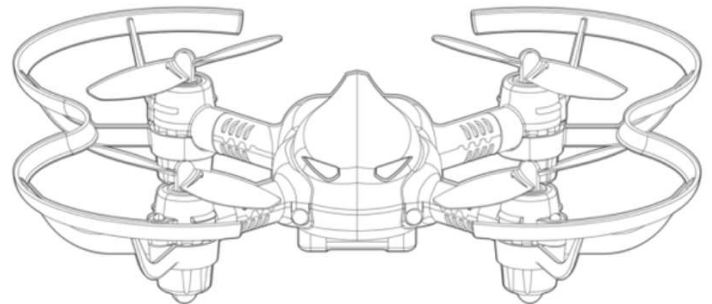

July 22-23, 2021

Where?

The SCORE office in Beard-Eaves Memorial Coliseum at Auburn University.

Cost?

Registration fee is \$150 for two days of training. Snacks provided - Meals not included.

What drones do I need?

This professional development will have a broad focus that will be applicable to most educational drone platforms. Contact Hunter Terry at hunter.terry@auburn.edu if you are unsure or would like to discuss educational drone platforms.
